 Research Informed Consent

 Purpose:
 We are conducting a research study to examine people's intuitions and attitudes about philosophical questions.

 Procedures:
 Participation in this study will involve filling out a questionnaire. We anticipate that your involvement will

must be at least 18 years of age to participate.

**Risks and Benefits:**You will be paid for participation through Amazon's Mechanical Turk. Further, we hope that our results will add to scientific knowledge about people's intuitions and attitudes.

require approximately 3-5 minutes. You will be compensated financially for participating. Participants

## **Confidentiality:**

All of your responses will be anonymous. Only the researchers involved in this study and those responsible for research oversight will have access to the information you provide.

#### **Voluntary Participation:**

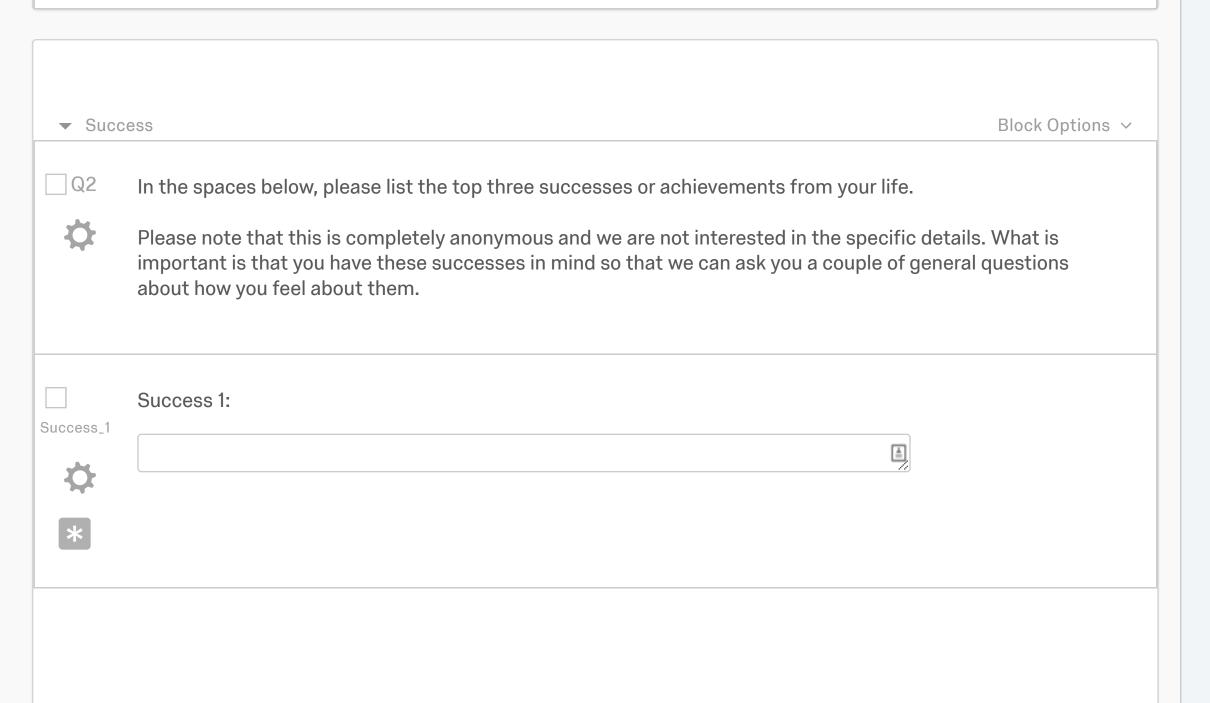

Participation in this study is completely voluntary. You are free to decline to participate, to end participation at any time for any reason, or to refuse to answer any individual question without penalty.

## **Questions:**

If you have any questions about this study, you may contact Brian Earp at brian.earp@yale.edu

This study has been approved and exempted by the Human Subjects Committee at Yale University (45 CFR 46.101(b)(2).
